## All You Need to Know About EV in Your Associations presented by Bill Curry, Esq., Whitney | Petchul

Get a brief overview of the current Civil Code requirements, a discussion on owners request to install in exclusive use common areas such as garages or carports, and when associations want to install charging stations in common areas for use by members.

An Edison representative will also be on hand to answer specific questions about installations and what to expect after the installation.

## Trash Composting Rules and Best Practices presented by Angelo De Guzman, CR&R Inc.

California Senate Bill 1383 (SB1383) is a law that requires single family, multi-family, and businesses to participate in the new organics program to reduce organic waste sent to landfills by 75% by 2025. Active participation will mitigate emissions of short-lived climate pollutants. In this presentation, you will learn what SB 1383 entails and the best practices to dispose of your green waste and food scraps at your property.

## The Landscape Evolution Revolution presented by Matt Davenport, Monarch Environmental

Cost and mandates have forever changed the landscape industry. Learn how to adapt and thrive in the midst of electric equipment mandates, rising costs, and tough fire ordinances.
