CAI's California

Common Interest Development

Law course is the most comprehensive legal course available for professionals managing community associations and board members. If you manage community associations or are a board member, don't miss the in-depth legal knowledge you will gain from participating in this 8-hour course. Participants will be provided with a comprehensive review of California and Federal laws affecting community associations. Community managers will gain a greater understanding of the Davis-Stirling Act, California Corporations Code and common law and specifics related to common interest developments.
